Delaware County has entered into the Pennsylvania statewide prevention, intervention, and treatment program and as such is responsible for planning and evaluation of community drug and alcohol prevention, intervention, and treatment services.

The purpose of the Planning Council is to advise, review, evaluate, recommend, and advocate actions related to the delivery of alcohol and other drug prevention, intervention, and treatment services.

The Planning Council reviews and sanctions an annual comprehensive alcohol and other drug prevention, intervention, and treatment plans to be submitted to Delaware County Council and Department of Drug and Alcohol Programs for approval.

The Planning Council has an odd number of members, between 11 and 15, approved by County Council for a three-year term. Each member must reside in Delaware County.

The Planning Council meets on the second Wednesday of each month.
